

# China Energy Monthly Report - April 2009

China Energy Monthly Report is a monthly English review co-operated by [Chinadaily.com.cn](http://Chinadaily.com.cn) and [ResearchInChina.com](http://ResearchInChina.com). It features the latest business events, industry policies, statistics and analyses for investment and co-operation in China, the world's second-largest energy consumer.

China Energy Monthly Report keeps you abreast of up-to-date energy news, policies, statistics and analyses surrounding China's coal, electricity, gas, oil and new energy sectors. With this report, you will never miss any investment and cooperation opportunities in China's huge energy market.

# Table of content

- OVERSEAS BULLETIN
- Towngas China sells Panva LPG for HK\$414m
- State Grid orders \$140m transformers from ABB
- Kazakhs seek \$10b in Chinese investment
- Russia builds fast-neutron experimental nuclear reactor in China
- Russian oil pipeline to reach China within weeks
- Applied Materials says value of solar order slashed
- Aker Solutions braces for flat revenue growth
- Sinohydro to invest over \$1b on Ecuadorian hydropower plant
- CLP buys out China wind-farm stake from partner
- Roc Oil starts production in China oilfield
- China, Mongolia to enhance energy cooperation
- China, Scotland to enhance ties on renewable energy
- Keppel to develop school, apartment projects in Tianjin
- BHP unit sale not cleared
- Shell in talks with Chinese peers on Iraq venture
- Shell defers CTL venture with Shenhua
- China, Kazakhstan sign \$10b loan-for-oil agreements
- Indian Oil buys Nigerian, Angolan Crude from Unipet, Sinochem
- Genesis Energy 2008 loss swells on costs for pipeline disposal

- China, Russia ink oil cooperation agreement
- Vestas plans to exploit China's wind power boom
- China agrees to buy LNG from Exxon venture
- China, Russia oil pipeline to start operation at end-2010
- China set to overtake US as biggest wind-power growth market
- CLP says Chinese coal too costly, turns to renewables
- Kuwait minister says China refinery talks not easy
- China Gas expands distribution network in Fujian

#### • COAL & ELECTRICITY

- China Coal sees 09 contract coal prices edging up
- China power, coal producers may sign fuel supply contracts soon
- Huaneng Power buys stake in Qidong Windpower
- Huaneng Power boosts spending as China spurs economy
- Ningxia receives 60b loans for energy
- China Power to cut output by 2% as demand slows
- Three Gorges Project generates 300b kWh of electricity
- Huge coal reserve discovered in Xinjiang
- Guangxi Guidong Electric stake sale to Iberdrola canceled
- Power deal inked with Henan aluminum makers
- Coal inventory at Qinhuangdao declines
- Coal firms may get more
- Huadian Power confident of reversing last year's loss
- Huadian Power plans 3b yuan short-term notes
- Thermal power firms pick up in Q1
- Qinhuangdao coal prices rise for 3rd week

- China National Coal Group to double profit in 5 years
- Shanghai Electric halts trading on private placement
- Guangdong Electric plans private placement of 1.2b yuan
- Five power majors ask for price changes, government aid
- Yanzhou sees coking coal price weak in H1
- Yangtze hydro projects to get a boost
- Power-station coal inventories enough for 17 days use
- Dongfang Electric plans 5b yuan share sale
- Goal for clean coal
- CNOOC, Datong to build coal-to-gas plants

19

#### • OIL & GAS

- CNOOC parent to complete refinery expansion by 2013
- China Oilfield price target raised 5% at Deutsche
- PetroChina Jinzhou to raise April crude runs 16%
- CNPC eyeing Petro-Canada assets
- CNPC, Sinopec to meet with Venezuela
- Daqing to maintain crude output
- China cuts diesel exports
- CNAF to hike capacity
- China refiners to lift April crude runs on demand hopes
- PetroChina independent supervisor Wu Zhipan resigns
- China seaborne oil imports rose on stockpile gain
- Hainan plans 5m-ton emergency oil stockpile
- CNOOC parent offers 17 offshore exploration blocks
- CNOOC's 2008 proven oil, gas reserves decline after asset sale

- CNPC approved to raise stake in unit
- Xinao Gas rises to highest in 6 months on outlook
- Guangdong Dapeng LNG terminal buys Russian cargo from Shell
- Oil firms bleed from low crude prices
- CNOOC cut to 'neutral' at Macquarie on oil price forecast
- CNOOC Group joins InterOil in Papua New Guinea LNG
- China Gas to expand vehicle-gas refueling network
- CNPC to invest in Peru oil, gas industry
- China March refinery runs rise first time in 5 months
- CNAF units sign fuel agreements with CNOOC
- CNPC to boost oil refining volume as inventories fall
- Gasoline refining margins advance
- PetroChina may pay \$1.4b for stake in Kazakh oil company
- CNOOC: No plan to buy oil firms during crisis
- CNPC plans \$1b bond issue
- CNPC makes first oil find at Chad wells
- CNOOC to issue \$1.5b medium term notes
- CNPC delays first south China refinery
- China resumes spot LNG imports after 6-month hiatus
- PetroChina to add 300 gas stations in Jiangsu by 2015
- CNPC to lower project costs, cut operational spending
- PetroChina delays \$2.3b Fushun plant expansion to 2011
- CNOOC Group Q1 profit falls on oil price
- PetroChina expects China gas price to rise
- China Gas trading suspended before announcement of transaction
- CNOOC Huizhou refinery starts fuel sales
- CNPC poised for \$3b dollar-bill issue
- China Oilfield Services cut to 'sell' at BNP on cash flow

- PetroChina plans largest oil storage facilities at Daqing
- CNPC buys Kazakh oil company
- PetroChina offers fresh evidence of oil de-inventory
- CNPC gets nod for stake buy

#### NEW ENERGY

- MW wind turbines set to power nation's energy needs
- Nuclear power plants mulled in Hubei
- ZhongDe Waste signs letter of intent with Jilin province
- Waste Management sees growth turning trash to energy
- Wind power capacity likely to rise 64% this year
- Suntech wins order to supply solar modules to Germany's Soleos
- QS Solar hikes capacity
- China Guangdong Nuclear fund raises \$1b
- China to build 5 nuclear power stations in 2009
- China nuclear safety chief warns of excessive growth
- China to add 80 GW installed power capacity in 2009
- China's wind-power boom to outpace nuclear by 2020
- ReneSola names Tan as independent director
- Chinese firm prepares mass production of new energy power generator
- Financial crisis, a chance to be less reliant on fossil fuels
- Wang joins Suntech

#### FOCUS ON SHENHUA

- Shenhua to launch China's first carbon capture project
- Shenhua starts building \$1.1b railway to transport coal
- Shell, Shenhua to delay coal-to-liquids project in Ningxia
- Shenhua Energy's Q1 coal sales rise 0.5%
- Shenhua eyes Mongolian mine
- Shenhua Q1 profit rises 17% on sales

#### • FOCUS ON SINOPEC

- Sinopec buys 10% interest in Canada's Northern Lights
- Sinopec shuts Hebei refinery for month's maintenance
- Sinopec signs \$350m Kuwait drilling deal
- Sinopec Yanshan refinery gains in Q1
- Sinopec chemical plants profitable as prices rebound
- Sinopec, Eni sign agreement for long-term crude oil supply
- Sinopec, CNOOC downgraded at UBS on lower oil-price outlook
- Mitsubishi Chemical, Sinopec to broaden alliance
- Sinopec to start new capacity at Tianjin refinery in September
- Sinopec Shanghai posts profit after oil costs fall
- Sinopec may join Shell, Repsol in Iran gas project
- Sinopec expects higher profit on eased price controls
- Sinopec shuts ethylene plants for unscheduled maintenance

#### • ENERGY & ENVIRONMENT

- Developed countries urged to commit more in fighting climate change

- Beijing to set new rules on vehicles to cut traffic jams, pollution
- Big China hydro plant can sell carbon credits
- Carbon trading mooted
- China shines in green project spend
- Shanghai district to pilot carbon credit trading plan
- Golden Valley eyes more energy-saving LED lamps

#### • POLICY

- China to accelerate power-pricing changes, Zhang says
- China drafting stimulus plan for renewable energy industry
- China to build oil reserves to meet 100 days of use
- Shanxi launches coal industry reform
- Vice Premier underscores development of new energy
- China to expand oil, gas exploration abroad
- China to raise nuclear power use 10 times by 2030
- China said to inject funds into oil companies for acquisitions
- China may announce details 'soon' on gas pricing
- China launches gas safety campaign in small mines

#### • ANALYSIS

- IEA likely to lower its oil demand forecasts
- Chinese utilities' 2009 coal price may rise 11%
- China's 2009 power demand to stay weak
- China may hike refined oil rates
- Industrial demand for power to perk up in Q3
- China still has surplus of coal in 'short term'

- China may boost imports of coking coal
- Oil demand may take hit

- STATISTICS

- Clean-technology venture investment falls 48% in Q1
- COSL full-year net rises 38.6%
- China Merchants Energy says Q1 profit may fall 50%
- China Resources Power profit beats estimates
- Costlier coal hits Huaneng hard
- China Power posts 2008 loss
- China crude stocks fall 1.6% in Feb
- A-Power Energy Q4 profit higher-than-expected
- Shanghai Electric Power Q1 net hits 38m yuan
- China March coal imports jump to record high
- China net oil imports touch 8-month high
- Shanghai Electric Power back in black
- China Q1 coal output rises 5.2%
- China Merchants Energy Q1 profit falls 57%
- China National Coal Q1 net hits 2.91b yuan
- Huaneng Power Q1 output falls 9.3%
- China Resources' electricity sales increases 13% last month
