

China Real Estate Industry Statistics, 2009

As houses were sold well in 2009, China real estate industry attracted more investment than 2008. In 2009, RMB3.62 trillion was invested in real estate industry, increasing by 18.5% over 2008.

Because wages, construction materials expenses and construction machine expenses kept rising, the proportion of construction and installation expenses continued to get bigger.
